

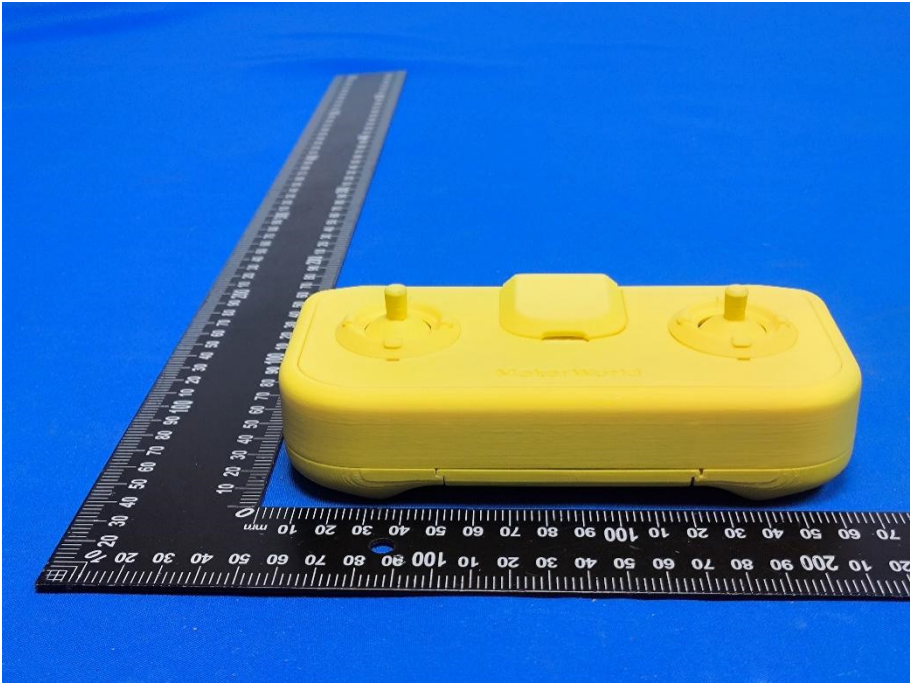

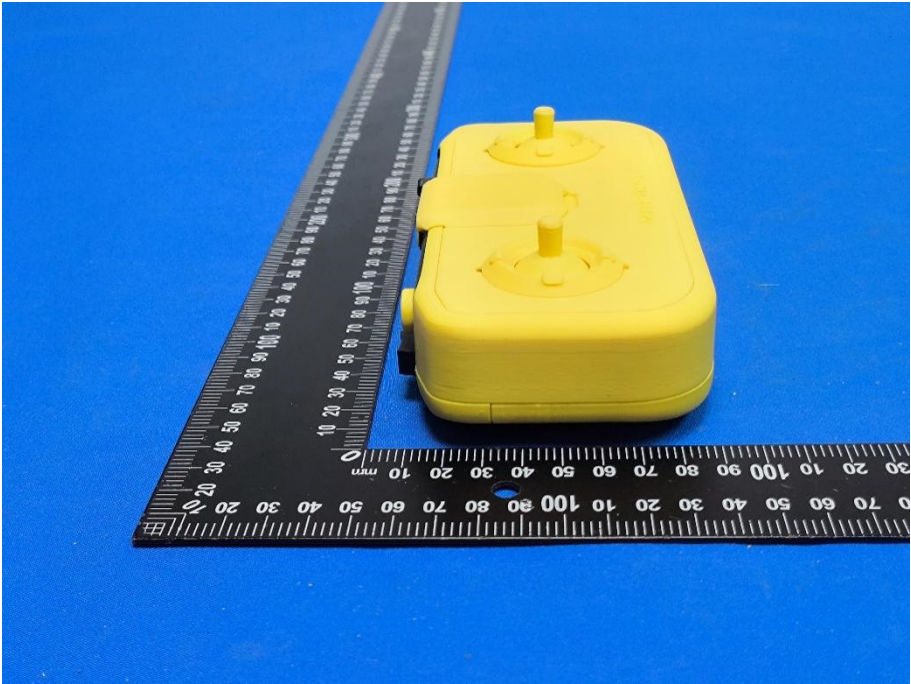

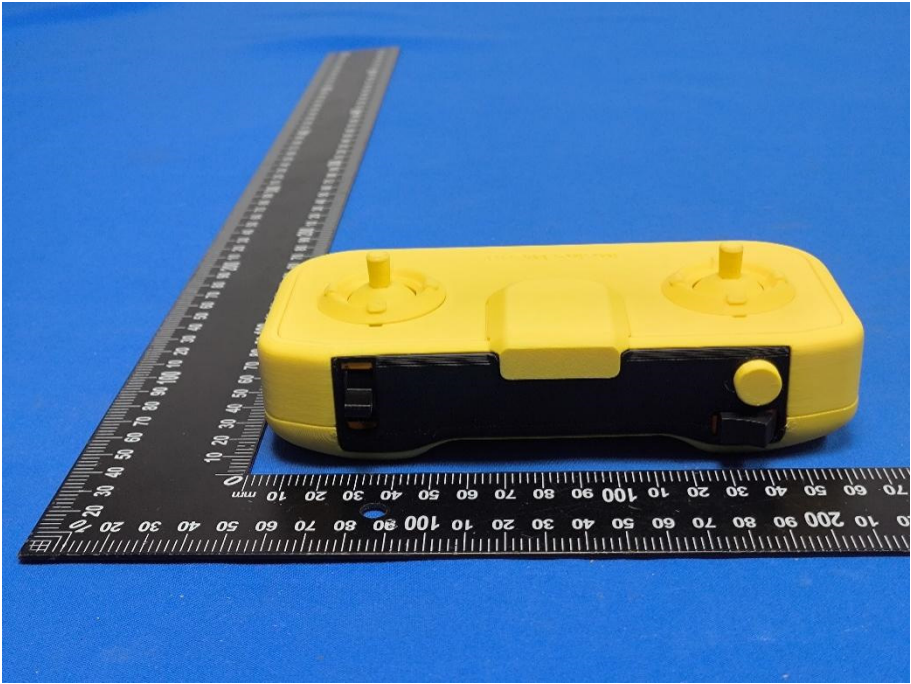

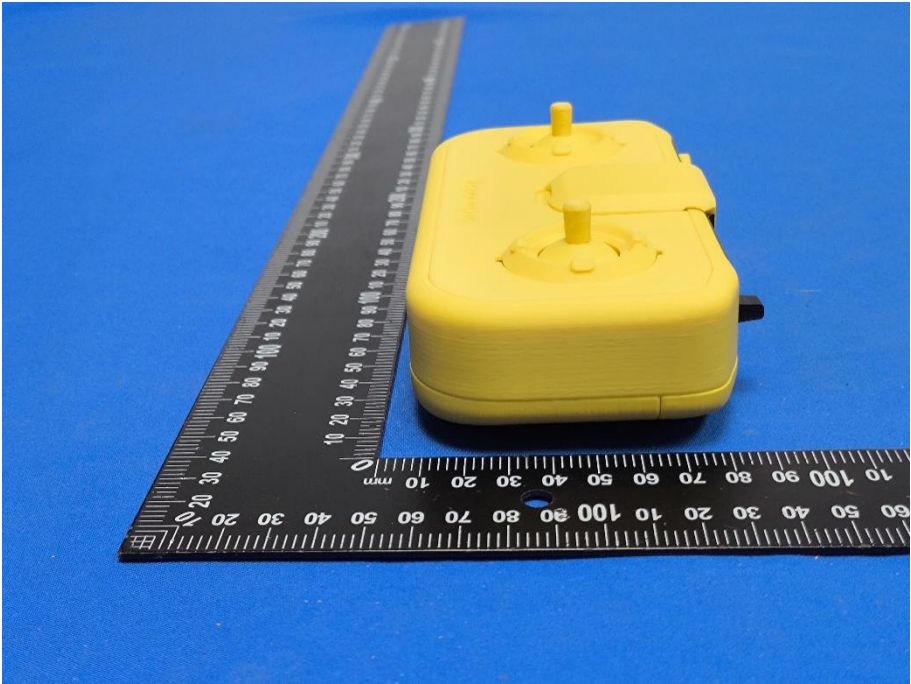

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

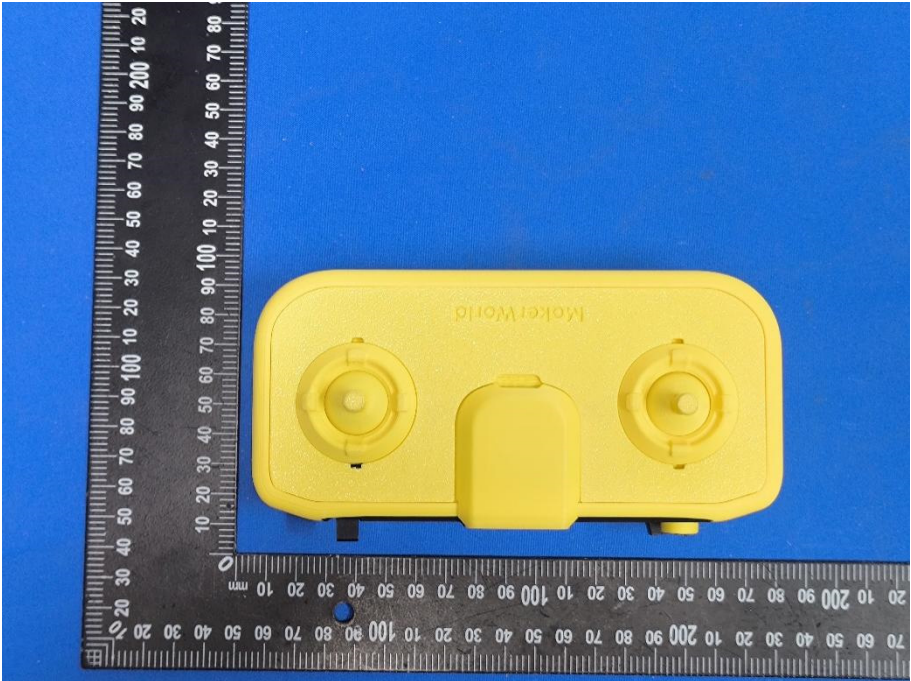

Model: ZK001

EUT View 1	 A top-down photograph of a yellow, rectangular electronic unit (EUT) with rounded corners. The device features two circular ports on the left and right sides, a central rectangular flap, and the 'MakerWorld' logo in the center. It is placed on a blue background next to a black L-shaped ruler with white markings in centimeters and millimeters.
EUT View 2	 A bottom-up photograph of the same yellow EUT device. This view shows the underside, including a central rectangular port, several screws, and small circular indentations. The device is positioned next to the same black L-shaped ruler on a blue background.

EUT View 3	 A photograph of a yellow, rectangular electronic unit (EUT) with rounded corners. It features two circular ports on the top surface, each with a small yellow protrusion. A central rectangular button is located between the two ports. The device is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in millimeters and centimeters. The device is approximately 100 mm long and 50 mm wide.
EUT View 4	 A photograph of the same yellow electronic unit (EUT) from a different angle. It shows the side profile of the device, which is rectangular with rounded corners. The two circular ports and the central button are visible on the top surface. The device is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in millimeters and centimeters. The device is approximately 100 mm long and 50 mm wide.

EUT View 5	 A photograph of a yellow electronic device, likely a test probe or connector, shown from a side-on perspective. The device has two circular ports on top and a black connector on the side. It is placed next to a black ruler with white markings for scale. The background is blue.
EUT View 6	 A photograph of the same yellow electronic device, shown from a different angle. It has two circular ports on top and a black connector on the side. It is placed next to a black ruler with white markings for scale. The background is blue.

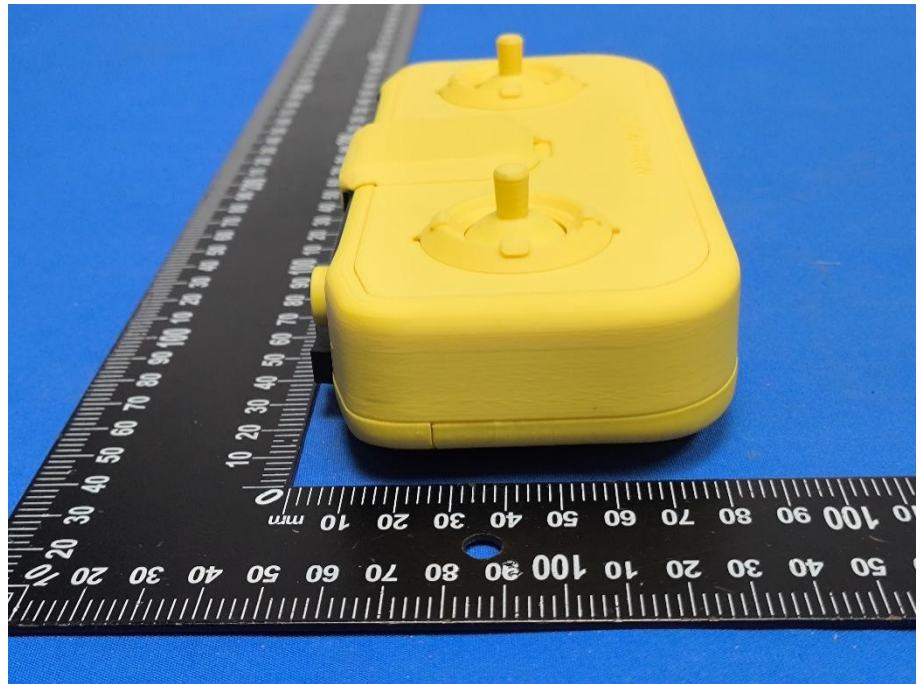

Model: ZK002

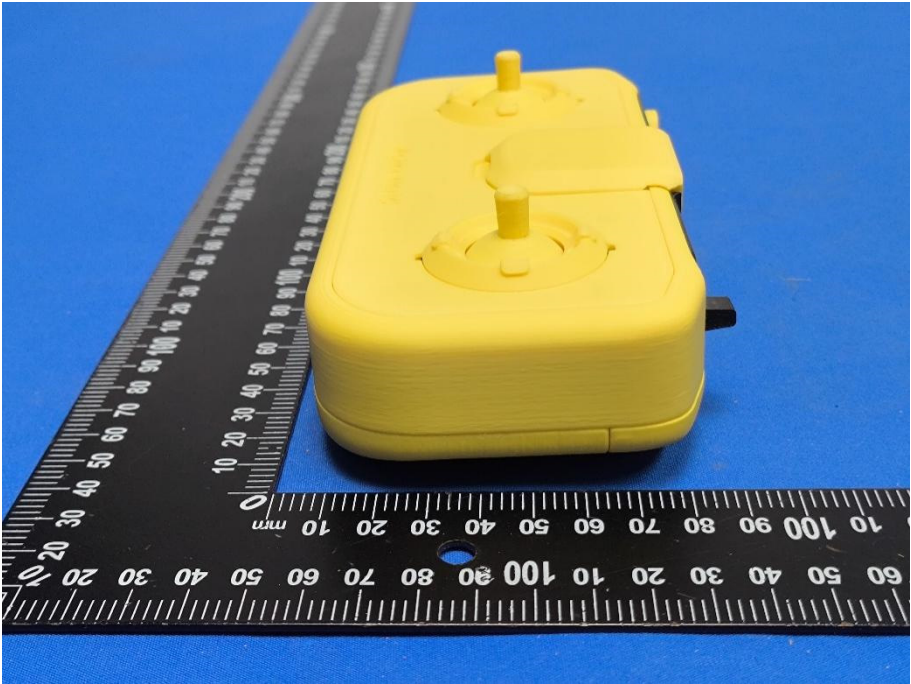

EUT View 1	 A top-down view of a yellow, rectangular electronic device with rounded corners. The device features two circular ports on the left and right sides, and a central rectangular port. The brand name "MakerWorld" is printed in the center. A black ruler with white markings is placed horizontally below the device, showing measurements in millimeters and centimeters. The background is a solid blue surface.
EUT View 2	 A bottom-up view of the same yellow electronic device. It shows four small circular holes at the corners and a central rectangular port. A black ruler with white markings is placed horizontally below the device, showing measurements in millimeters and centimeters. The background is a solid blue surface.

EUT View 3

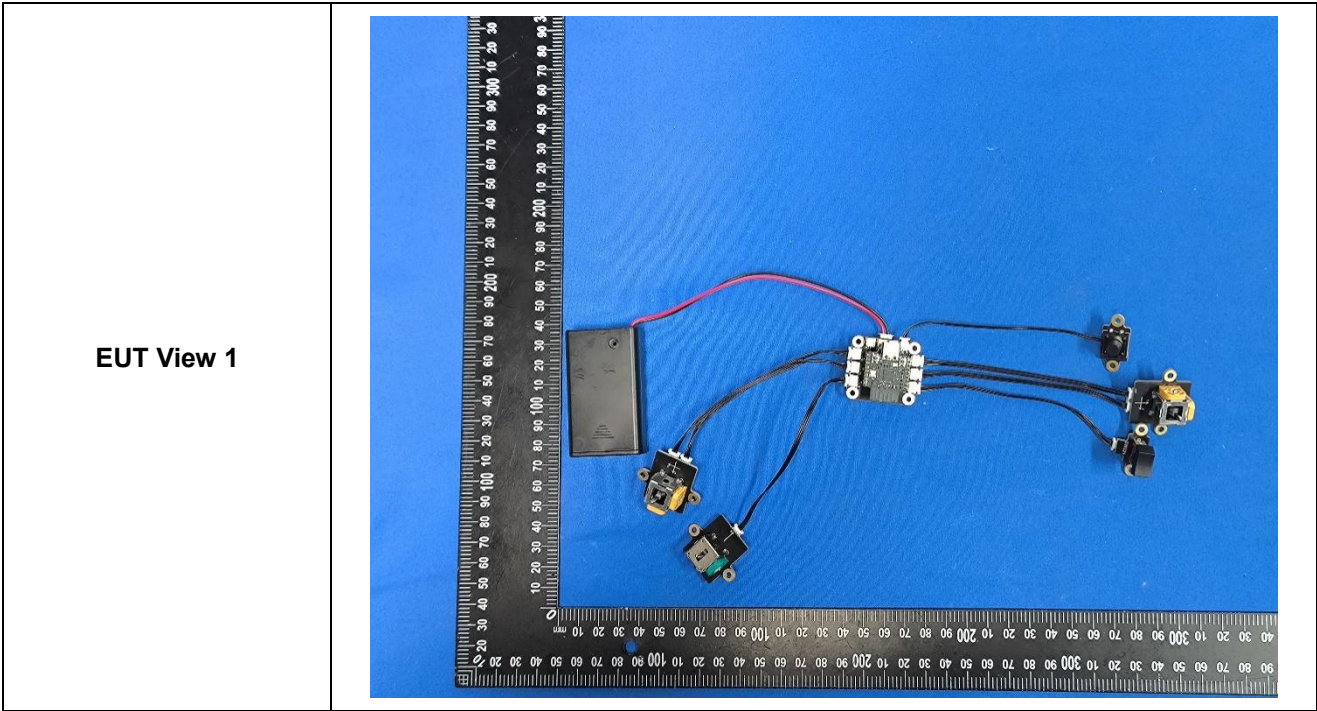

EUT View 4

EUT View 5	 A photograph of a yellow electronic unit (EUT) from a top-down perspective. The unit is rectangular with rounded corners and features two circular ports on the top surface, each with a small yellow protrusion. A black latch mechanism is visible on the right side. The unit is placed on a blue surface next to a black ruler with white markings, which shows the unit is approximately 100 mm wide.
EUT View 6	 A photograph of the same yellow electronic unit from a side profile view. The unit is shown standing upright, revealing its thickness and the black latch on the right side. It is placed on a blue surface next to a black ruler with white markings, indicating a height of approximately 40 mm.
