D1 Pro instructions

En

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Safety Instructions

➤ Please read the Manual carefully prior to use and keep it properly for further reference;

➤ Do not block the Product's air inlet/outlet during projection, to avoid damaging it due to high temperature;

➤ Avoid high-altitude falling or mounting of the Product to avoid damages; do not stare at the machine's lens to avoid eye injury;

➤ For any problem, do not dismantle the Product without permission; instead, contact the professional after-sales personnel for assistance.

⚠ **WARNING** Warning: Do not dismantle, collide, squeeze the Product, nor put it in fire.
For any major swelling, stop using it immediately. Keep the Product away from high temperature.
Announcement

With a focus on constant improvement, the Company devotes itself in improving product performance and offering products with high quality and competitive quality. All pictures and functions described in the Manual are subject to the real product and preset contents. The Company reserves the right to improve product functions and HMI described in the Manual without a prior notice. The final product prevails.

Please keep your machine properly. The Company does not bear liabilities for the losses due to misoperation of software/hardware or maintenance, as well as the losses due to leakage of personal information to a third party. The Company does not bear liabilities for the accidental losses while using the Manual, nor undertake the claims of compensation proposed by the third party for using the Product.

The Product's function introduction has been reviewed and proofread carefully by specialists. In case of any omission, your understanding and correction are highly appreciated.
For more information about product introduction and value-added service, please feel free to visit our official website WWW.ZEEMR.COM.

Basic Parameters

| Infrared receive port	LCD	Light Source	LED
Product Type	Projector	Dimensions	175*112*132 mm
Keystone Correction	Four-direction correction	Zoom Mode	Manual zoom
Weight	2KG	Throw Ratio	1.35:1
Loudspeak-er	3W*2	Input	100-240V~ 50/60Hz
Output	19VDC 3.42A	Resolution	1080P

Indicator Status

Working Status	White lamp
Powered on	Normally on
Powered off	Normally off

Power on/off

Power on

Method 1: Press the power button above the Product for 1-3s to power on.

Method 2: Make sure the remote controller has enough power supply, keep it facing the Product and press the power button to power on the Product.

Power off

Method 1: Press the power button above the Product for 1-3s to power off the Product.

Method 2: Make sure the remote controller has enough power supply, keep it facing the Product and press the power button to power off the Product.

Troubleshooting

Fault	Troubleshooting
No display	Power off the Product and reboot system
System crash	Power off the Product and reboot system
Display error	Power off the Product and reboot system
High temperature prompt or auto power-on	Do not block the front air outlet and rear air inlet, then reboot the system

# Table of Projection Size and Distance

Projection Dimensions (without keystone correction, ")	Screen Length * Width (m)	Lens – Screen (m)
30	0.7*0.4	0.85
40	0.91*0.50	1.11
50	1.13*0.62	1.36
60	1.36*0.72	1.62
70	1.57*0.86	1.85
80	1.78*0.98	2.09
90	2.0*1.12	2.32
100	2.20*1.24	2.53

Definition Adjustment

Operate the zoom thumbwheel/rod to adjust the definition. (Note: The recommended projection distance is 1.5m – 3m).
Download Application

Enter APPS channel ①, enter the application store of this APP by classification ② to download the applications as required, or enter the application store directly through App Store ③ to download the applications as required.

Function Setting

Network setting
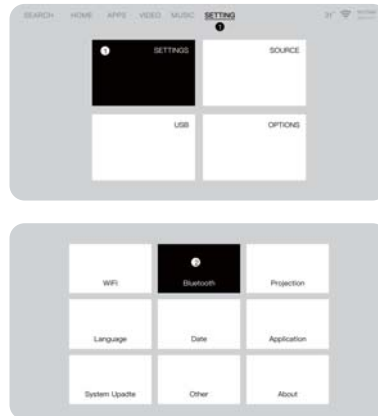

Enter setting option ① and click network setting ②

Open WIFI setting option ③, connect the WIFI ④ as required.

If the target WIFI is not displayed, add WIFI ⑤ to search and add it.

Description of Hazardous Substances

Part Name	Hazardous Substances					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr (VI))	Polybrominated Biphenyl (PBB)	Polybrominated Diphenyl Ethers (PBDE)
Shell	○	○	○	○	○	○
Circuit board and components	✕	○	○	○	○	○
Power adapter	✕	○	○	○	○	○
Battery	✕	○	○	○	○	○

The sheet was prepared as per SJ/T11364

○: The content of this hazardous substance in this part is conforming to the limit of GB/T26572.

✕: The content of certain homogeneous material in this part exceeds the limit of GB/T26572.

This mark means the Product enjoys 10-year period of environmental use. If being used normally, the Product will not have leakage of mutation of trace hazardous substances or elements, not bring major pollution on environment, nor have major damage of user and property.
