Search for Bluetooth speakers Connection successful	● Specifications ● Name: Portable Bluetooth speaker ● Model: sanag M15 ● Bluetooth version: V5.3 ● Connection range: ≥10m ● Battery capacity: 1200mAh ● Input: 5V 1A ● Matters needing attention ● Do not use abrasive cleaners to clean this product. ● Do not allow this product to be heated or close to a fire source, such as a cooking stove. ● Do not expose the product to direct sunlight for a long time. ● Do not discard this product in fire to avoid explosion. ● Do not attempt to disassemble this product to make any modifications, as it does not contain any maintenance components. ● Do not use this product in rain. ● If you do not plan to use this product for a long time, please store it in a dry environment and charge the headset at least once a month to extend its life and avoid extreme temperatures and dust.	

FCC Warning Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
