ATTN.: Reviewing Engineer
FCC ID: 2A6OFUBX19KM01
IC: 28483-UBX19KM01
HVIN(s)/Model(s): 01MK12 / SARA-R5

We hereby request C2PC Certification for the above mentioned HVIN(s)/Model(s).

The reason for this request is:

1. The radio module has been used in co-location with another radio module and both radio modules can transmit and receive simultaneously.
2. A new Tri-band antenna for LTE connectivity with lower antenna Gain ($<2\text{dBi}$) than the original module manufacturers antenna (Gain $>4\text{dBi}$) used for FCC grant of the radio module has been integrated into the host device.
3. A new Radio, SAR and intermodulation testing has been performed on this radio module.

Kind regards

Signed:
