

Brand Name: Morse Micro Model Name: MM6108-MF08251

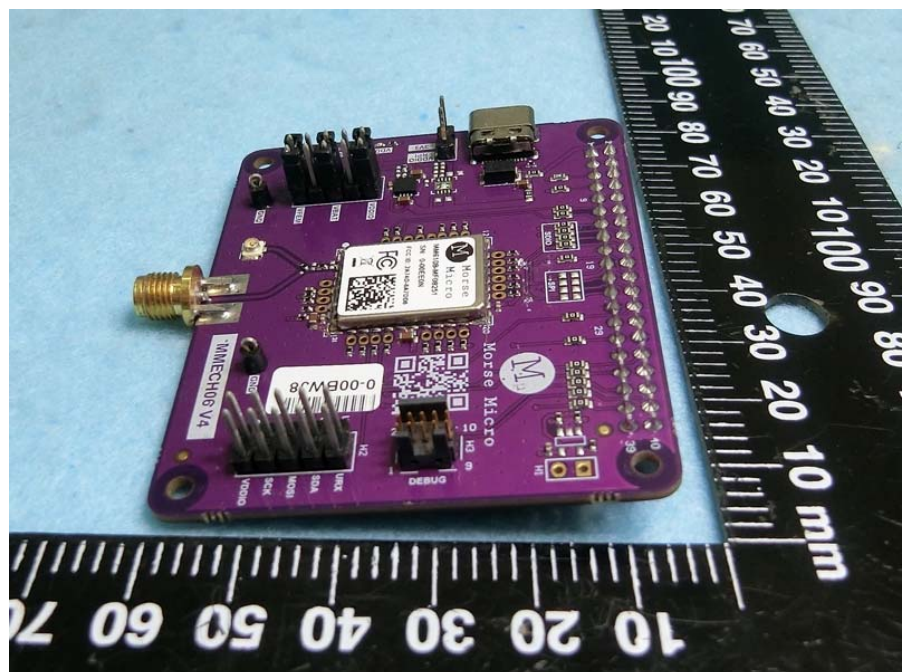

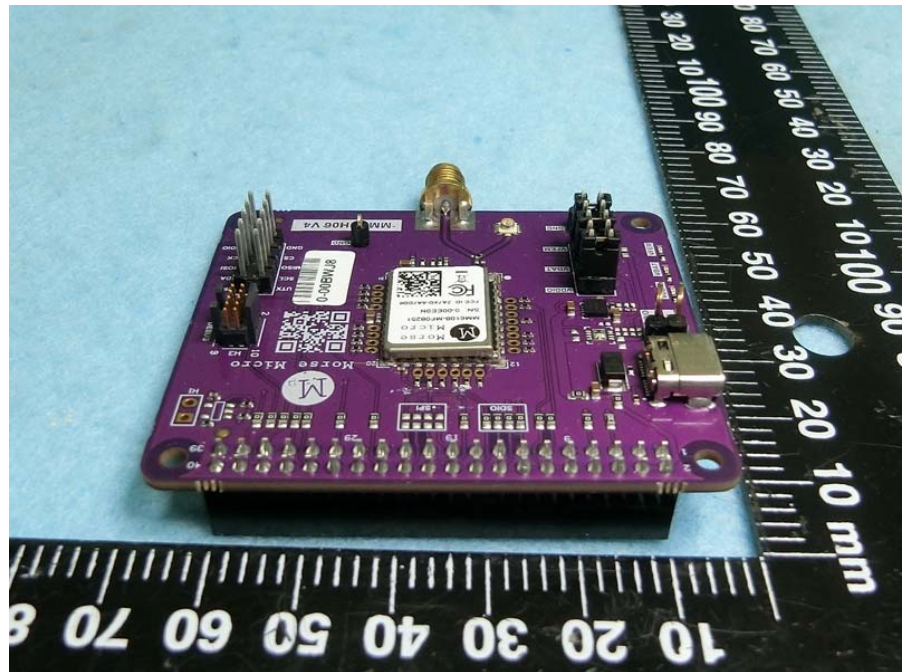

The image shows a purple PCB development board, identified as the Morse Micro MMECH06 V4. Key components and markings include:

- Microcontroller:** An MM6100-MF00001 chip is mounted in the center, with a QR code and the text "Morse Micro" and "The Morse Micro" visible.
- Connectors:** A USB connector is on the left, a BNC connector is at the bottom, and a ribbon cable connector is on the right.
- Labels:** The board features several labels including "MMECH06 V4", "0-008WJ.8", and "GND".
- Scale:** A ruler is placed below the board, showing measurements in centimeters (0 to 10 cm) and millimeters.
