

Safety Human Exposure

1.1 Radio Frequency Exposure Compliance

1.1.1 Electromagnetic Fields

RESULT:

Pass

Test Specification

Test item	:	Children Car
Identification / Type No.	:	HL528;HL288;HL328;HL518;HL558; HL568;HL578;HL588;HL598
FCC ID	:	2A7AT2022HL528188
Test standard	:	CFR47 FCC Part 2: Section 2.1093 FCC KDB Publication 447498 v06

Measurement Record:

Since maximum peak output power of the transmitter is $-0.67\text{dBm} \approx 0.86\text{mW} < \sqrt{\frac{3 \cdot d}{f}} = 9.7 \text{ mW}$.

Hence the EUT is excluded from SAR evaluation according to FCC KDB Publication 447498 D01 General RF Exposure Guidance v06.
