

# Product Specification

## A. Electrical Characteristics

**Frequency** 2400MHz ~2500MHz

**VSWR** <3.0

**Efficiency** >30%

**Impedance** 50 Ohm

**Polarization** Line

**Gain** 0 DBi

## B. Material & Mechanical Characteristics

**Material of Radiator** Cu

**Connector Type** : welding

## C. Environmental

**Operation Temperature** - 30 °C ~ + 80 °C

**Storage Temperature** - 30 °C ~ + 85 °C

We, Shenzhen Qianyu toy supply chain Co., Ltd, states that All measurements were performed radiated and therefore additional antenna gain documentation is not required.
