

Test Positions

Front Side (Separation distance of 0mm) A close-up photograph showing the front edge of a black tablet held in a white plastic testing fixture. The fixture has a horizontal white bar with a black circular component. The background shows a laboratory setting with yellow storage bins.	Back Side (Separation distance of 0mm) A close-up photograph showing the back edge of a black tablet held in the same white plastic testing fixture. The fixture's components are visible, and the background is the same laboratory setting.
Top Side (Separation distance of 0mm) A close-up photograph showing the top edge of a black tablet held in the testing fixture. The top-left corner of the tablet is visible, showing a camera lens. The word "Blackview" is faintly visible on the back of the tablet. The background is the laboratory setting.
