A proper fit on your head is important for both comfort and optimal sound quality. Here are some guidelines: 1. Reversible wearing style: The A9 can be worn on the left or right by flipping the microphone to the other side.  03	How to Wear? 2. Rotate the eartip and adjust the retractable earhook to fit the shape of your ear.  3. Adjust the boom. For better voice capture, it is recommended to position the microphone close to the corner of your mouth.  04	What's in the Box   Eartip Covers with 2 Shape & 3 Size (Small/Medium/Large)   Package Contents: A. Headset × 1 B. Type-C Charging Cable × 1 C. Eartips × 6 (Includes one on headset) D. Please Charge	Microphone is muted	Mute on	Mute is canceled	Mute off	A phone call is received	Announce your ringtone	Bluetooth Pairing and Connection B. Pairing with 2 Devices Simultaneously  A. Getting Paired 1. Turn on the headset, the headset will enter pairing mode. 2. Turn on the Bluetooth of your devices and search for the model name "A9" to connect. When pairing is complete, you will hear a voice prompt saying "connected".	Charging the Device  Notes! ● Make sure charger and cable are fully dry before charging. ● Warning! Charging voltage is 4.2-5V. No more than 5V! Voltage over 5V will damage the battery. ● Charging input: 5V DC/above 500mA ● Use a certified TYPE-C charging cable and charger to prevent any damage. ● To care for the headset better, we do not recommend you charge it via car charger or power bank. ● Please turn off the headset when you are not using it to care for the headset better. ● Please charge the A9 at least once every 2 months when not in use.	FCC Statement Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device has evaluated to meet general RF exposure requirement. The device can be used in portable exposure without restriction.	WARRANTY Contact us via email or Facebook with your Amazon order number to active below benefits: 1. Lifetime Warranty Extension 2. Support refunding or replacing at NO COST for defective products even if Amazon's one-month return window is closed. 3. 24/7 technical support for any issues.
