HZK650

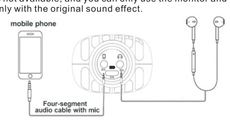
Wired recording and live broadcasting:

For wired mode, you need to use the audio cable that comes with the accessory box or other suitable four-segment audio cable. At this time, the external amplifier is not available, and you can only use the monitor and only with the original sound effect.



Multi- scene, ready to use

Whether it is wireless karaoke, wired song recording, professional recording or live broadcasting, it can be realized by connecting the interface on the microphone, which is applicable to multiple scenarios, plug and play.

Wireless karaoke single player mode

HZK650

Specifications:

Model No.:	HZK650
Color:	Grey, rose gold and black
Wireless Frequency:	Bluetooth 5.0
Microphone Type:	Capacitive mode
Polar Pattern :	Unidirectional
Maximum SPL :	91dB
Battery:	2600mAh
S/N Ratio:	74 dB
Wireless Distance:	>10 meters indoor environment
Sound Signal:	Digital sampling 48KHz
Frequency Response:	75Hz-18KHz
Working Time:	5 hours around
Material:	PC+ABS+Metal
Product Weight:	GW 1008g NW 638g
Gift Box Size:	30.5*13.2*11.2 cm
Earphone Port:	3.5 mm Jack
Charging Port:	USB Type-C
Hardware Platform:	PC, Smartphone

HZK650

Wireless microphone system with echo/treble/bass:

The wireless karaoke microphone set has ten sound effects modes, you can choose different sound effects according to different songs. This wireless microphone system has a Bluetooth function and can play your favorite music through a Bluetooth connection (HZK 350). Ideal for karaoke, lectures, conferences, indoor or outdoor.

Bluetooth wireless karaoke microphone system:

Built-in high-sensitivity professional dynamic microphone, Bluetooth transmission distance 32 feet (10 meters), stable signal, no delay, no radiation, anti-howling, anti-interference and constant frequency.
