

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a spectrum analyzer is placed on a wooden bench. A red cable connects it to a power line filter unit on the floor. To the right, a wooden table holds two white electronic devices. The background is a plain grey wall.
Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test setup inside an anechoic chamber. The walls are covered with white, square-shaped electromagnetic absorbers. In the center, a white electronic device sits on a stand. A metal frame structure is in the foreground, and the floor is marked with yellow and black safety lines.

**Radiation Emission Test
Setup (30MHz to 1GHz)**

**Radiation Emission Test
Setup (1GHz to 18GHz)**
