Date: 17 February 2025

To: Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD

To Whom It May Concern:

We, **Sensor Holdings Limited**, state that the regulatory compliance label on our device, **FCC ID: 2A7QX-SSH12030**, will be visible to users prior to use of these Extended Reality (XR) gloves.

The top and bottom electronics modules, which must be electrically connected for the gloves to operate, will be shipped with a piece of insulating plastic material packed between them. The user will need to physically separate these two modules to remove the film prior to first use, at which time the FCC regulatory compliance marks will be clearly visible on the right-hand glove.

Sincerely,
