Troubleshooting

❶ Failed to connect to Govee Home App.

● Make sure the string lights are connected to power.

● Make sure your smartphone's Bluetooth is enabled.

● Keep your smartphone close to the control box and try again.

❷ Missing parts/Receiving products from a secondary sale.

● Check the pictures on the web page to confirm what parts are missing and contact customer service in the app for replacements.

● If you received a product from a secondary sale or a product that cannot work properly, please contact customer service in the app for a replacement.

❸ Network failure

● Make sure your home Wi-Fi is 2.4Ghz, and your smartphone's Bluetooth is on.

● Long press the control box for more than 5s to reset the whole light. Unbind and then rebind the light.

● If the light is too far away from the Wi-Fi, bring the device closer to the Wi-Fi, and then reconnect to the network.

● Check if there are too many devices connected to the network. If so, change to another network.

● If the above methods cannot solve your problems, please contact customer service in the app to replace the control box.

❹ App operation guide is needed.

● Open Govee Home App, tap My Profile>> Govee Instructions>> App Guide>> How to Use, to find more details.

If your problem persists, please contact Customer Support.

FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) l'appareil nedoit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1.Reorient or relocate the receiving antenna.
2.Increase the separation between the equipment and receiver.
3.Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4.Consult the dealer or an experienced radio/TV technician for help.

This Class B digital apparatus complies with Canadian ICES-005.
Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

FCC and IC Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
