EUT View 6	

For power board model: HYS48-24ZYZZ

EUT View 1	 A photograph showing the front view of a white, rectangular electronic device. The device features a control panel at the top with several circular buttons and a large, white, rectangular grille below it. A metal ruler is placed horizontally in front of the device for scale, indicating its width is approximately 45 cm. The device is resting on a blue surface.
EUT View 2	 A photograph showing the rear view of the same white electronic device. The back panel is plain white with a small, rectangular white label in the center. The device has four small feet at the bottom. A metal ruler is placed vertically to the left of the device for scale, indicating its height is approximately 25 cm. The device is resting on a blue surface.

EUT View 3	 A photograph showing the front view of a white, rectangular electronic device (EUT) placed on a blue surface. A metal ruler is positioned horizontally below the device, indicating its width. The device has a smooth, glossy finish and a small, dark rectangular feature near the bottom center.
EUT View 4	 A photograph showing the side view of the same white, rectangular electronic device (EUT) placed on a blue surface. A metal ruler is positioned vertically to the left of the device, indicating its height. The device has a smooth, glossy finish and a small, dark rectangular feature near the top center.

EUT View 5	 A photograph showing the front view of a white, rectangular electronic unit. The front face is covered in a dense grid of small circular perforations. A white power cord is attached to the right side. The unit is placed on a blue surface next to a wooden ruler for scale.
EUT View 6	 A photograph showing the side view of the same white rectangular unit. It is a slim, vertical device. The white power cord is visible on the right side. The unit is placed on a blue surface next to a wooden ruler for scale.
