EUT Housing and Board View 1	 A top-down view of the white plastic EUT housing. The lid is open to the right, revealing a circular fan with a white grille in the center of the housing. To the right of the fan is a rectangular metal plate with a fine grid of holes. A white power cable is connected to the bottom of the housing. A ruler is placed horizontally below the housing for scale.
EUT Housing and Board View 2	 A side view of the white plastic EUT housing. The lid is open, showing the internal compartment where the power board is installed. The power board is a green PCB with various electronic components and a fan. A white power cable is connected to the bottom. In front of the housing, the front panel (which includes the fan grille) is shown separately, revealing the internal fan and wiring. A ruler is placed horizontally below the housing for scale.
