Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, identified as View 7. The component is L-shaped and features a gold-plated connector on one end. It is positioned on a blue textured surface next to a metal ruler. The ruler has markings in millimeters (0 to 11) and centimeters (1 to 18). The component's length is approximately 2.5 mm.
Solder Board-Component View 8	 A photograph of the same green PCB component, identified as View 8. This view shows the component from a different angle, highlighting its profile and the gold-plated connector. It is placed on the same blue textured surface next to the same metal ruler for scale. The component's length is approximately 2.5 mm.

Solder Board-Component View 9	 A photograph of a small green printed circuit board (PCB) component, labeled 'U2', mounted on a blue textured surface. The component is rectangular with a gold-colored connector on one side. It is positioned between two metal rulers for scale. The vertical ruler on the left shows markings from 1 to 10 mm, and the horizontal ruler at the bottom shows markings from 1 to 16 cm. The component is approximately 2 mm wide and 4 mm high.
Solder Board-Component View 10	 A photograph of the same green PCB component from a different angle, showing the top surface. The component is labeled with 'U2', 'W-1', '84V-0A 2330', 'W7468_T_7-101.1', and '2013/04/02'. It is positioned between the same two metal rulers for scale. The component is approximately 2 mm wide and 4 mm high.
