

Guangdong Jinsheng intelligent Co., Ltd

Structure size

1. shape size: (unit: mm)

2. Electrical properties (L) :

project	standard	Th etest conditions	Test equipment	note
inductance	$3.6 \pm 10\%$	100KHZ, 1V	TH2817B+	Coil type measuring
Inductance 1	$6.3 \pm 10\%$	100KHZ, 1V	TH2817B+	Measuring type with magnetic chip

3. Appearance Requirements:

- 1) The shape and size of products should be strictly controlled.
- 2) Product surface without oil, impurities, burr and so on.
- 3) Material cannot be changed without customer's confirmation
- 4) The product must meet ROHS requirements
