Photo 10

A photograph of a custom PCB assembly. The main board is green and features a blue WBR3 module in the center. Various components are soldered onto the board, including a 100nF capacitor, several resistors, and a connector. The board is labeled with 'WBR3', '20220324', 'WIFI-P500-V1.0', and 'KJS J1'. A ruler is placed below the board for scale, showing dimensions in millimeters.
