### QUICK START GUIDE

Quick Start Guide x 1

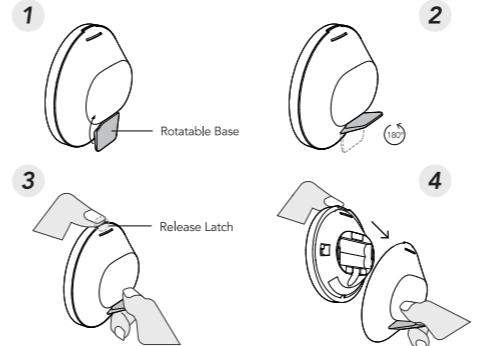

AAA Alkaline Battery x 2

### DISPLAY SCREEN GUIDE

### SETUP

1. Rotate the base 180 degrees upwards. Gently push the release latch at the top and pull the base to open. Insert the included batteries into the sensor's battery compartment.

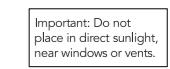

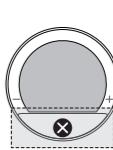

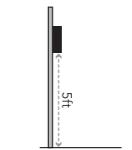

2. Open the Degrii app and tap on the Degrii smart thermostat in the app. Tap the sensor icon at the top.

3. Wait a few seconds for the app to display all discovered sensors. Follow the in-app instructions to finish the set up.

4. Mount the remote thermostat at least 5 feet above the ground. To prevent signal shielding, do not mount the remote thermostat on or near metallic surfaces. Take care not to block the PIR motion sensor.

Important: Do not place in direct sunlight, near windows or vents.

### Low Battery Alert

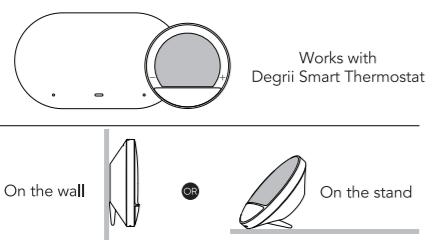

Replace the battery when the battery level is low. The battery level is displayed at the top of the remote thermostat's display.

### Reset

Tap both the right and left buttons on the screen together 3 times to reset the Wi-Fi of the remote thermostat.

### COMBINATIONS

### CAUTION

1. Do not ingest the battery. Chemical Burn Hazard. This product contains batteries. If a battery is swallowed, it can cause severe internal burns in just 2 hours and lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away

from children. If you think a battery might have been swallowed or placed inside any part of the body, seek immediate medical attention.

2. Risk of explosion if the battery is replaced with an incorrect type.
3. Do not place the sensor in direct sunlight.
4. Degrii Room Sensor is not weatherproof.
5. Degrii Room Sensor is not IP rated and is not intended for outdoor use.
6. If the equipment is used in a manner not specified by the manufacturer, the protection provided by the equipment may be impaired.
7. Do not operate in conditions above 90% humidity, as this can cause condensation/icing/fog and result in damage.

### FCC WARNING

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference,

and (2) This device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection

provide protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, frequency if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

### ISEDC RSS WARNING

### SPECIFICATIONS

Model: THP  
Bluetooth: BLE 5.0  
Display: LCD  
Input: 3VDC  
Weight: 2.82 oz (80 g)  
Dimensions: 78mm x 78mm x 26mm  
Battery type: AAA Alkaline Battery x 2  
Battery life: 2 years\*  
Operating temperature: 20°F-122°F  
Humidity range: 5%-95% RH (no condensation)  
Motion sensor range: 17 ft  
\* Battery Life is based on laboratory test results. Actual results may vary based on usage.

### WARRANTY

Your Degrii product is covered by a one-year limited warranty. You can view the limited warranty terms at <https://degrii.com/return-warranty-policy> or request a copy by contacting Degrii at [www.degrii.com](http://www.degrii.com)
