

SA-700693 Bluetooth® Earbuds

PRODUCT SPECIFICATIONS

Bluetooth®: 4.2
Support form: A2DP/HFP/HSP
Distance: 10M
Working Current: 30mA
Working Voltage: 4.2V
Charge Current: 30-150mA

Max Headset Output Power:
L20mw R20mw
Battery Capacity: 50mAh 3.7V
Charge Time: 2 hours
Working Time: Above 1-2 hours
Battery Life: 10M
Input Voltage: DC 5V 200mA

INDICATOR DIAGRAM

- 1) Previous/Volume down
- 2) Power on/off
- 3) Next/Volume up
- 4) Charger port
- 5) Microphone

POWER ON/OFF

Power on:

Press and hold the power button until light alternates blue and red. You will hear an audio prompt.

Power off:

Press and hold the Power button until light turns off. You will hear a prompt.

CHARGING

Unit should be fully charged prior to first use. Insert the micro USB plug into the earbuds. Insert the standard USB into a port with a power source. The light will be red while charging. The light will turn off when charging is complete. Disconnect the charging cable when not in use.

CONNECT WITH THE DEVICE

1) Press and hold the power button until light alternates blue and red. You will hear an audio prompt.

2) First time pairing: Open the Bluetooth® function on your device.

3) Search for device IT225 on your device. A slow blue LED flash indicates when a connection has been successfully completed. Your device will show the headphones connected. You will hear an audio prompt.

REJECT THE CALL

Hang up by your device or press and hold the Power button.

PREVIOUS/NEXT/PAUSE

1) To play previous track, quickly press the Previous/Volume down button.

2) To play next track, quickly press the Next/Volume up button.

3) To pause a track, quickly press the Power button. To continue play, quickly press the Power button again.

ANSWER / HANG UP THE CALL

Press Power button from your device or from the earbuds.

VOLUME ADJUSTMENT

1) Volume down: Press and hold the Previous/Volume down button.

2) Volume up: Press and hold the Next/Volume up button.

Federal Communications Commission (FCC) Statement. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received,

including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by **Hong Kong Genuine Co., limited** may void the FCC authorization to operate this device. Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF exposure statement:

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.
