Setting Up Your

Intelligent Panoramic
Security Camera

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

To maintain compliance with RF exposure guidelines, this equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

Pour maintenir la conformité aux directives d'exposition aux radiofréquences, cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

NOTE: To ensure proper use of your Smart Designer Camera & Light please follow the instructions detailed in this set-up guide.

Setting Up Your

Camera & Light

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement Caution:

To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons.

FCC ID: 2A88H-0033052281

HVIN:ISB07

IC:32423- ISB07

Setting Up Your

Smart Designer
Camera & Light

Step 1: Download the HOMEi App

1. Download the **HOMEi** app in the Apple® App Store, Google® Play Store, or use your phone camera to scan the QR code below to open the app store of your mobile phone.

Apple® App Store or
Google® Play Store

Scan Code

Setting Up Your

Smart Designer
Camera & Light

Step 1: Download the HOMEi App

1. In order for your Smart Designer Camera & Light to work properly, select **Allow** if you see the prompt: **HOMEi** would like to find and connect to devices on your local network.
2. Create your account and select **Continue**.
3. Follow the App prompts to set up your password and register your account. Then **Log In** to your **HOMEi** app.

Passwords must contain numbers and letters, be no less than six digits, and cannot contain special characters.

FORGOT PASSWORD:
In the App click on
"Forgot Password"
and follow the account
retrieval process. You will
receive an email with a
temporary code. Enter the
temporary code. You will
receive a second email
with your password.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or a qualified radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
