

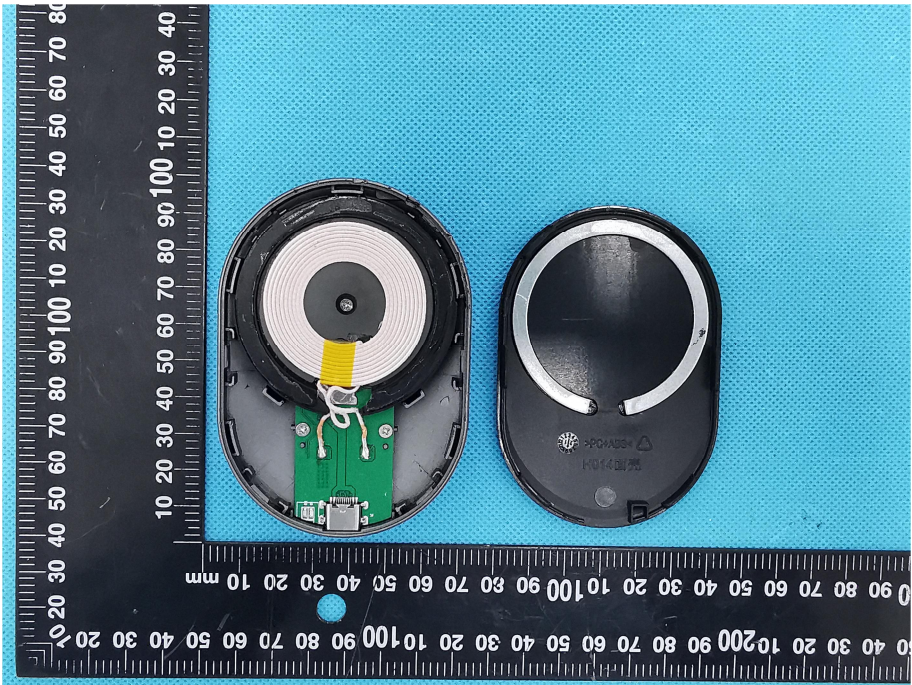

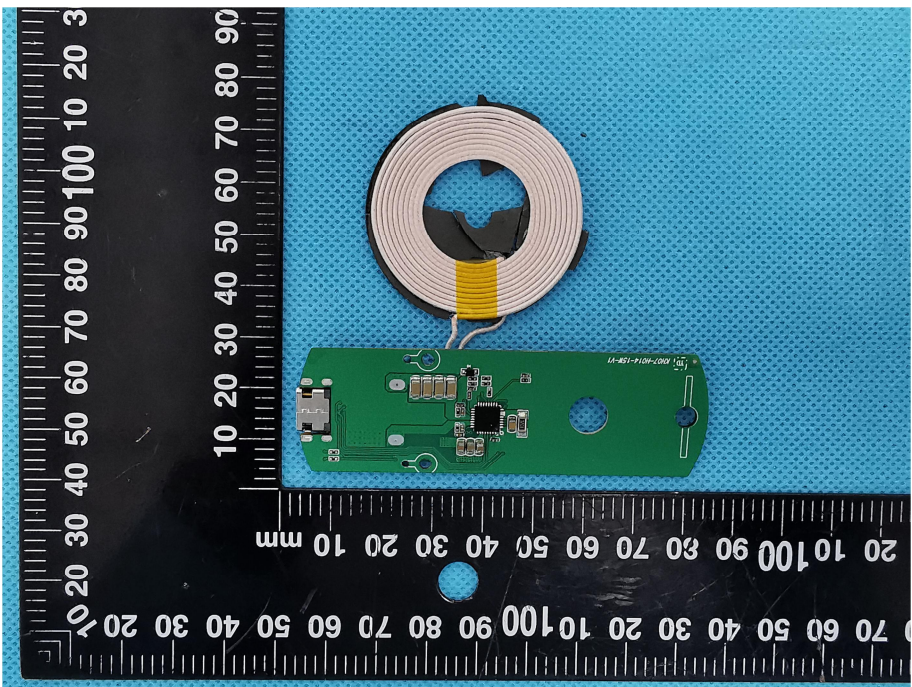

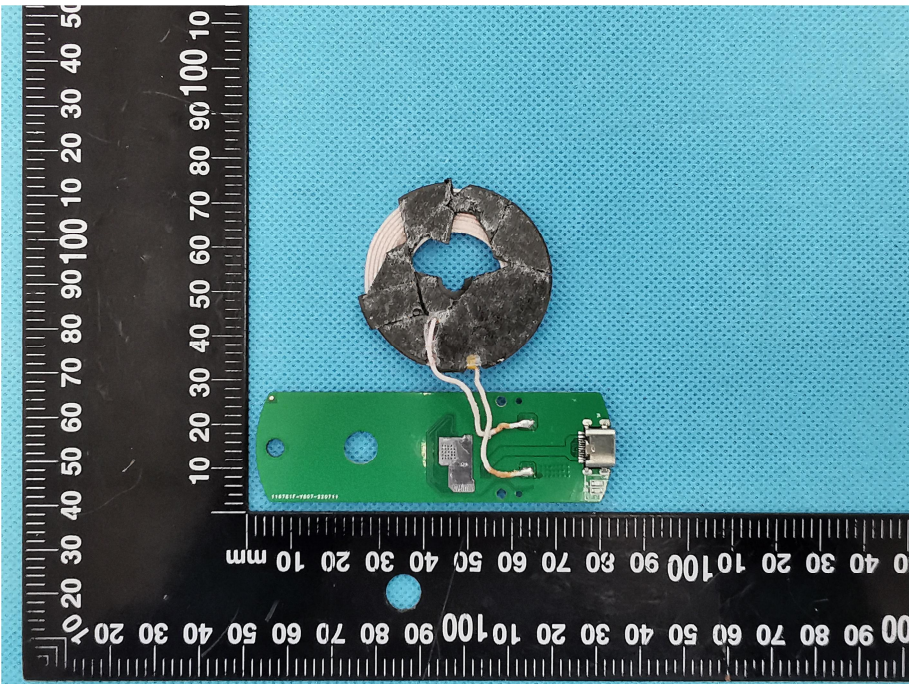

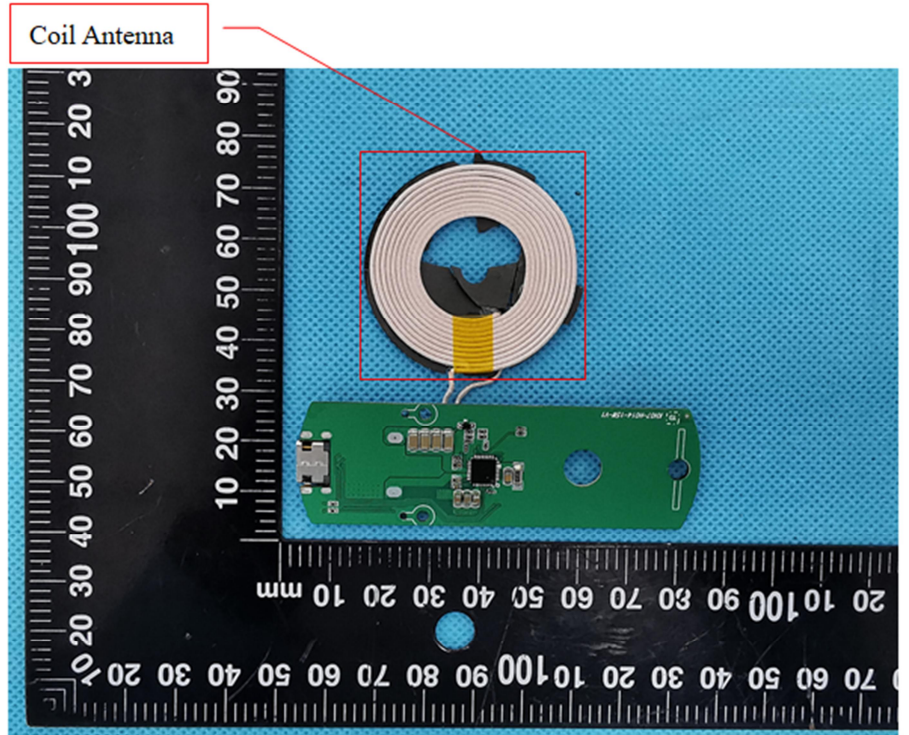

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. On the left is the black plastic housing with a green PCB and a white flex cable attached. On the right is the black plastic back cover with a silver ring. A black ruler with white markings is placed below the components for scale.
Solder Board-Component View 1	 A photograph showing the soldered components on the green PCB. A white flex cable is connected to the board. A black ruler with white markings is placed below the components for scale.

Solder Board-Component View 2	 A photograph showing the soldered connection of a circular component to a green PCB. The component is a dark, ring-shaped structure with a central hole. Two thin wires are soldered to its inner edge. The PCB has a USB connector and other components. A black ruler with white markings is placed below the assembly for scale.
Antenna View	Coil Antenna  A photograph showing the coil antenna component. The antenna is a circular, multi-layered structure with a central hole. It is connected to the PCB via a yellow ribbon cable. A red box highlights the antenna, and a red line points from the label 'Coil Antenna' to it. A black ruler with white markings is placed below the assembly for scale.
