

Wireless Charger

Applicable devices

Devices which wireless charging received built- in:

- **7.5W for iPhone**

All Qi-enabled phones and devices.

-

Specification

Model: W18

Material: ABS+PC+METAL

Input: 18W 9V/2A

Output iPhone: 7.5W

Charging Distance: 7mm

Conversion efficiency:= 75%

Working frequency: 110.5- 205
KHz

Attention

- Please use 9V/2A adapter and high quality cable to ensure charging effect;
- Keep your device dry,Do not put it into water or any other liquid Do not make it wet.
- Do not lay the magnetic card, magnetic record media and precise machine too close to the protect.
- Do not let the dust or other things accumulate on the product and the Type-C input port.
- Keep out of reach of children.

Packaging listing:

1* wireless charging stand

1* Type-c cable

1* Adapter

1* User manual

Magsafe case compatible

No Case

MagSafe Case

Regular Case

Common problems

Problem	Cause	Solution
Smartphone cannot be charged	The wireless charger is detecting the input power of the smartphone and adjusting the output power compatible with it.	Please remove the phone for a few seconds or unplug the power and reconnect it.

Battery health

In order to slow down the aging of the battery, iPhone will learn your daily charging mode and temporarily delay charging to more than 80% until you need it.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

Product Model: W18 PMN: wireless charger

ISED STATEMENT

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences. (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

During the operation of device a distance of 10 cm surrounding the device and 10 cm above the top surface of the device must be respected.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.

au cours de l'opération de l'appareil sur une distance de 10 cm autour de l'appareil et de 10 cm au - dessus de la surface supérieure de l'appareil doit être respecté.
