

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

As the product is constantly improving, these won't be any further notice for the improvement. Actual product will not be as pictured, please make the object as the standard.

Hi-Fi audio / Wireless connection / Compatible with multiple devices

Package

- Earphone receiver x 1
- Transmitter x 1
- 3.5mm Audio cable x 1
- USB Charge cable x 1
- Manual x 1

Specification

Model name	K1
Earphone type	Neckband Earphone
Transmission mode	5.8G
MIC directivity	Omni-directional
Barrier-free transmission distance	Around 30m
Frequency response	20Hz-20KHz
SNR	-95dB
Working duration	around 5 hours
Charge time	around 2 hours
Battery capacity	650mA
