Re: Tungsten Audio, LLC, FCC ID: 2A8P8BLSS4001

To Whom It May Concern:

We are submitting a DRAFT version of the user manual with this submission.

FCC Rules Part 2.1033 (c)(3) – State that a copy of the installation and operating instructions to be furnished to the user is required. A draft copy of the instructions may be submitted if the actual document is not available. The actual document shall be furnished to the FCC when it becomes available.

Based on this, the customer would like to move forward with the certification with the preliminary/Draft version of the user manual and when the final version is available, they will send it to us. They understand that there will be fees involved if it is 30 days past the grant date.
