

Product overview

Package contents and parts

1. Wireless speaker
2. USB charging cable
3. User manual
4. Strap

Button description

Power on/off

Play/pause

Press once to answer call

Press twice to ring back last number

Notes and tips

To connect strap, insert the thin black cord into the recess next to the silicone base. Loop the cord through and pull tight to secure.

Integrated battery

This Wireless speaker is powered by integrated rechargeable lithium battery.

Instructions for use

1. Insert the charging cable into the speaker's Micro USB socket and connect the other end a suitable power adaptor. The charging red LED indicator will turn on. The power adaptor should have a maximum output of 5.0V/1.0A to charge this product, using the wrong adaptor or cable could result in the product malfunctioning.

2. The speaker will take around 2-3 hours to charge. When charging is completing, the red LED indicator will turn off.

Pairing the speaker

1. Turn on the speaker by pressing for 3 seconds. The speaker will emit a sound prompt and the blue LED indicators will flash.

2. Turn on your smart device and activate the Bluetooth function.

3. Search for Bluetooth pairing name "**SAVWAY**" and click to pair. When successfully paired the speaker will emit a sound and the blue LED indicators will stay solid.

Functions: press to answer an incoming phone call or play/pause the audio.

4. Turn off the speaker by pressing for 4 seconds, you will hear a power-down sound.

Troubleshooting: If your smart device will not pair or does not see "**SAVWAY**" as an available device, please refresh the Bluetooth connection and turn the speaker off then on again.

Safety instructions

Read this manual carefully before putting the appliance into operation to avoid injury and damage to your device. Please keep for future reference.

- Keep the device away from heat, direct sunlight and sharp edges.
- Keep the device away from naked flames.
- Do not insert any metal object into this device to avoid the risk of short circuit
- To avoid a static charge, do not use the device in an extremely dry climate.
- Under no circumstances should you attempt to repair or remove the battery from the unit yourself. (CAUTION: Danger of explosion if the battery is incorrectly replaced). Repairs or battery removal must only be undertaken by an authorized specialist using the correct tools and equipment.
- Do not immerse this product in any liquid to avoid the risk of short circuit.
- Do not charge the speaker for longer than 3 hours. Avoid charging overnight or leaving the product unattended.
- Ensure that the USB cable is removed from the device after charging is complete.
- Only use the cable provided to charge this product.
- Do not use excessive force when inserting or removing the cable from the speaker to avoid damage to the socket or your devices.
- Please only use an adapter with the output of 5.0V/1.0A to charge this product
- Recharge the speaker once every 3 months if it has not been in use.
- The cable provided should only be used to charge the supplied product.
- Do not play music at excessive levels as damage to hearing may occur.
- Fully charge the speaker before first use.

Technical Specifications

Bluetooth version	4.2
Hardware	Ver 1.0 Range 10 meters (equal to 33 feet)
Frequency range	2.4-2.48GHz
Charging input power	DC5v-1.0A
Max. output power	3w 40
RF max. output power	0dBm
Battery	3.7v. 300mAh lithium Charging time
Approx. 2 hours	
Unit weight	Approx. 59g
Bluetooth firmware	Ver 3.2
Bluetooth software	Ver 4.0
Model number	KY-6605
	SO Number 2950430

Mini
Wireless Speaker

Brand Addition hereby declares that

This product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU and all other applicable EU directive requirements.

Product Disposal

At the end of this products life it should not be disposed of with general household waste. Care should be taken to dispose of in a suitable manner in accordance with your Local Authority regulation.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
