Made in China

Part 1 : Installation

1. Open the package and carefully take out all components.

The package contains:

- 1*Lamp Base A
- 4*Lamp Tubes B
- 1*Power Adapter
- 1*User Manual
- 1*Hex Wrench
- 5*Spare Screws

2. Position Lamp Base A at the desired location.
3. Align and insert the protruding part of each Lamp Tube into the corresponding recess of another Lamp Tube.
4. Use the Hex Wrench to securely tighten the screws at each joint.
5. Plug in the power adapter to complete the installation.

NOTE:

Disassembly Caution: When disassembling the Floor lamp, gently shake the connection and carefully unscrew and pull out the lamp bars. Avoid pulling violently to prevent damage to the cables.

Optimal Usage: For the best performance, adjust the position of the RGBICW floor lamp to maintain an appropriate distance from you, ensuring it does not hinder your in-room activities.

Part2: Operating Guidelines

ISED Statement:

This device complies with Part 15 of FCC Rules and contains license-exempt transmitter(s) that comply with innovation, Science and Economic Development Canada's licence-exempt RSS Standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference; and (2) This device must accept any interference received, including interference that may cause undesired operation. The digital apparatus complies with Canadian CAN ICES 3 (B)/NMB 3(B). This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

French: Cet appareil est conforme à la partie 15 des Règles de la FCC et contient un ou plusieurs émetteurs exonérés de licence qui sont conformes à la norme RSS exonérée de licence de Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes: (1) Ce dispositif ne peut pas causer d'interférences; et (2) Ce dispositif doit accepter toute interférence reçue, y compris les interférences qui peuvent provoquer un fonctionnement indésirable. L'appareil numérique est conforme aux normes canadiennes CAN ICES 3(B)/NMB 3(B).

Cet appareil répond à l'exemption des limites d'évaluation de routine prévues à l'article 2.5 de la RSS 102 et à la conformité à la RSS 102 en matière d'exposition aux RF. Les utilisateurs peuvent obtenir des renseignements canadiens sur l'exposition aux RF et la conformité.

Caution:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
