FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions :

- (1) This device may not cause harmful interference, and.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning : Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment

generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of FCC Rules and contains license-exempt transmitter(s) that comply with innovation , Science and Economic Development Canada ' s licence-exempt RSS Standar(s)]. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference received, including interference that may cause undesired operation

The digital apparatus complies with Canadian CAN ICES 3 (B)/ NMB 3(B).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

FCC and IC Radiation Exposure Statement

Cet appareil est conforme à la partie 15 des Règles de la FCC et contient un ou plusieurs émetteurs exonérés de licence qui sont conformes à la norme RSS exonérée de licence de Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes:

- (1) Ce dispositif ne peut pas causer d'interférences; et
- (2) Ce dispositif doit accepter toute interférence reçue, y compris les interférences qui peuvent provoquer un fonctionnement indésirable

L'appareil numérique est conforme aux normes canadiennes CAN ICES 3(B)/NMB 3(B).

Cet appareil répond à l'exemption des limites d'évaluation de routine prévues à l'article 2.5 de la RSS 102 et à la conformité à la RSS 102 en matière d'exposition aux RF. Les utilisateurs peuvent obtenir des renseignements canadiens sur l'exposition aux RF et la conformité.
