FCC and ISED Canada Statement

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

RF exposure compliance statement: This device has been evaluated to meet the general RF exposure requirement

This device complies with Part 15 of FCC Rules and contains license-exempt transmitter(s) that comply with innovation Science and Economic Development Canada's licence-exempt RSS Standar(s)]. Operation is subject to the following two conditions:
(1) This device may not cause interference; and
(2) This device must accept any interference received, including interference that may cause undesired operation
The digital apparatus complies with Canadian CAN ICES 3 (B)/NMB 3 (B).
This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Cet appareil est conforme à la partie 15 des règles de la FCC et contient un émetteur exempté de licence qui répond aux normes du CNR exempté de licence d'innovation, sciences et développement économique Canada]. Les opérations sont soumises aux deux conditions suivantes:
(1) L'appareil ne peut pas causer d'interférence; Et
(2) Cet appareil doit accepter toute interférence reçue, y compris celles qui peuvent entraîner un fonctionnement accidentel
Cet appareil numérique est conforme à la norme canadienne can ICES 3 (b) / NMB 3 (b).
L'appareil est conforme à l'exemption des limites d'évaluation de routine de la section 2.5 du CNR 102 et est conforme au CNR 102 sur l'exposition aux RF, où les utilisateurs peuvent obtenir des renseignements canadiens sur l'exposition aux RF et la conformité.
