Safety Instructions

Read and follow the safety instructions below:

- Use the product with the provided power adapter only.
- The product is not waterproof. Do not expose it to areas susceptible to water splashes or water drops.
- The internal light sources cannot be replaced. If it breaks, the product should be replaced.
- Do not allow children to install the floor lamp alone.
- Do not disassemble or modify the device and its accessories.
- Avoid installing the device near potentially dangerous sources or heat sources (e.g., candles, liquid-filled objects.)
- The working temperature should be between 14 to 104°F (-10 to 40°C).
- Store the product in places where the temperature is within -4 to 140°F (-20 to 60°C) if you do not plan to use it for a long time.

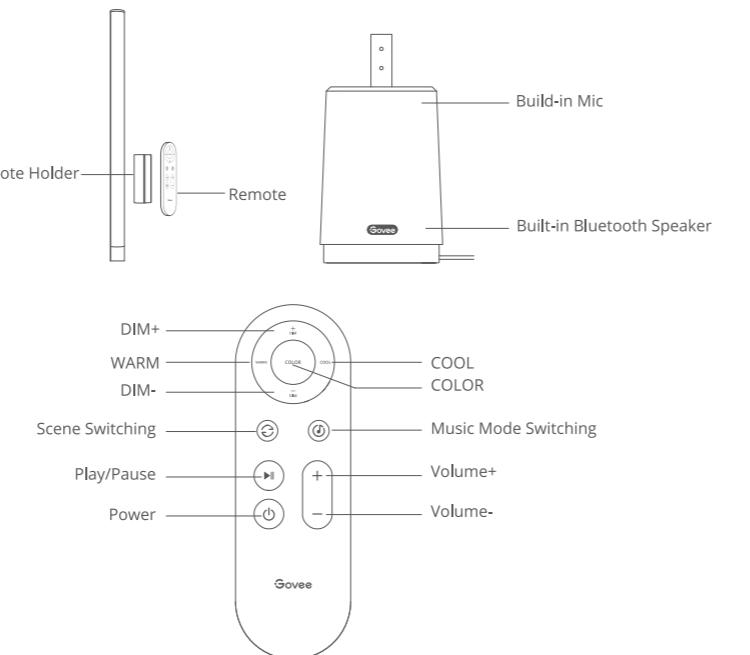

Introduction

Thank you for choosing Govee RGBICWW Floor Lamp Pro! This product is suitable for the living room, bedroom, home office, etc., providing you with high illuminance and colorful ambient lighting. The Floor Lamp Pro has updated RGBIC lighting effects and a built-in Bluetooth speaker, making the interconnection between white noises and lighting possible, bringing you a fantastic immersive experience.

Pairing Your Device with the Govee Home App

What You Need:

- A Wi-Fi router supporting the 2.4GHz and 802.11b/g/n bands. 5GHz is not supported.
- ① Download Govee Home App from the App Store (iOS) or Google Play (Android). Log in with your account (new users need to create an account).
- ② Turn on the Bluetooth on your smartphone.
- ③ Open the app, tap the "+" icon in the top right corner and search for "H6079".
- ④ Tap the device icon and follow the on-screen instructions to complete pairing.

Pairing with the Bluetooth Speaker

- ① Turn on the Bluetooth on your smartphone.
- ② Long press the "▶" button on the remote or enable Bluetooth Pairing in the Device Settings page in Govee Home App to allow the floor lamp to enter the Bluetooth speaker pairing mode. The device will flash blue and start to play the pairing sound.
- ③ Find Govee Floor Lamp_xxx in the list of Bluetooth devices on your phone and tap it. The pairing succeeded if the green light appears and the red light indicates the pairing failed. If the pairing failed, please try again.
- ④ You can check the Bluetooth speaker connection in the list of Bluetooth connections on your phone or in the Device Settings page in Govee Home App.

Tips: You can turn the pairing sound and lighting effect on or off in Settings-Bluetooth Speaker.

Specifications

Model	H6079
Adapter Input	AC 100-240V
Lamp Input	12VDC 4A
Light Displaying Technology	RGBIC
Color	RGBWW
Control Method	Govee Home, Remote Control, Voice Control
Working Temperature	14 to 104°F (-10 to 40°C)

Troubleshooting

- ① **Cannot connect to Govee Home App.**
 - Check if the lamp has been powered on.
 - Check if your smartphone's Bluetooth has been turned on or try connecting the lamp to another smartphone.
 - Ensure that your smartphone is near the lamp when connecting for the first time.
 - If the problem persists, go to "My Devices" page to delete the device and follow the previous instructions to reconnect.

For Govee RGBICWW Floor Lamp Pro

FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil n'édite pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.
