

5/5/2023

Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

To whom it may concern:

Enphase Energy, Inc., hereby requests a Permissive Change Class II of the radio equipment certification for the product name certification number, FCC ID: 2A93H-IQAIR. This product differs from the originally approved product in the following manner:

Antenna Characteristics. – Added external antenna, Taoglas Limited, model FXP830.07.0100C.

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

DocuSigned by:

  
Karen Maxwell
