standard edition

EUT View 1	 A photograph showing the front view of a black, rectangular electronic device, likely a handheld PDA or rugged smartphone. The device has a large, dark screen that is currently off. It is positioned on a light blue textured surface. A black ruler with white markings is placed horizontally below the device, showing measurements in centimeters and millimeters. The ruler is marked from 0 to 100 cm, with millimeter increments. The device's width is approximately 100 mm.
EUT View 2	 A photograph showing the back view of the same black electronic device. The back features a large, dark rectangular area, possibly a camera lens or a sensor array, and a smaller, lighter-colored rectangular area below it, which could be a speaker or a secondary sensor. The device is placed on the same light blue textured surface. A black ruler with white markings is placed horizontally below the device, showing measurements in centimeters and millimeters. The ruler is marked from 0 to 100 cm, with millimeter increments. The device's width is approximately 100 mm.

EUT View 3	 A black smartphone is shown from a bottom perspective, lying on a blue textured surface. A black ruler with white markings is placed horizontally below the phone. The phone's bottom edge features a central speaker grille, a small circular microphone hole, and two ports on the right side. The ruler shows measurements in millimeters and centimeters.
EUT View 4	 A black smartphone is shown from a bottom perspective, lying on a blue textured surface. A black ruler with white markings is placed horizontally below the phone. The phone's bottom edge features a central speaker grille, a small circular microphone hole, and two ports on the right side labeled "Type-C" and "SIM/TF". The ruler shows measurements in millimeters and centimeters.

EUT View 5	 A photograph showing the back of a black rugged smartphone. The phone is positioned horizontally on a blue textured surface. A black ruler with white markings is placed vertically to the left of the phone, showing measurements in millimeters and centimeters. The phone has a large rectangular back panel, a camera lens and flash at the top center, and a small sensor or port at the bottom center. The edges of the phone are reinforced with a thicker black material.
EUT View 6	 A photograph showing the side profile of the same black rugged smartphone. The phone is positioned horizontally on a blue textured surface. A black ruler with white markings is placed vertically to the left of the phone, showing measurements in millimeters and centimeters. The side view shows the thickness of the phone, which is relatively slim despite its rugged appearance. The reinforced black material is visible along the edges.
