Dear Eurofins Reviewer,

This is a new Application from ORKA SAS

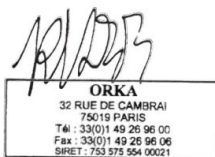

Model No.: **74500P, 74390P, 74395P**

Use 74500R for all tests. since the electrical circuit design, layout, components used and internal wiring were identical for the above models, with difference being model name .In order to distinguish different sales regions, different names are given to product models.

Thank you for your cooperation!

Yours sincerely,
