Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small green printed circuit board (PCB) component, identified as a solder board-component, positioned on a blue textured surface. The component is rectangular with several gold-colored pins or solder points along its edges. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The ruler is oriented such that the 0 mm mark is on the left, and the 100 mm mark is on the right. The component is located between the 10 mm and 20 mm marks.
Solder Board-Component View 3	 A photograph of the same small green printed circuit board (PCB) component, identified as a solder board-component, positioned on a blue textured surface. The component is rectangular with several gold-colored pins or solder points along its edges. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The ruler is oriented such that the 0 mm mark is on the left, and the 100 mm mark is on the right. The component is located between the 10 mm and 20 mm marks.
