

Bleitron® Karaoke Party Speaker Machine User Manual

English version only
This manual should be kept for future reference. © 2004 Bleitron

1. Product Introduction

Bleitron Karaoke Party Speaker Machine Y3001 design without battery, 100-watt full-range speaker, stereo amplifier, excellent sound quality, complete functions, supports tapeless, discless, cd, etc. and supports 18Wts power amplifiers, 1000 Wts, audio played and other audio products. The product can also be used in homes, outdoor activities, parties, parties and other scenes.

2. Charging Operation

- (1) Please use the factor adapter with distributed type of charging cable to charge the speaker. The red light on the charging cable and the light on the speaker will be on when fully charged.
- (2) When there is 101 power sound on the battery icon on the display, it indicates the battery is low. The battery icon will flash when the speaker is not in power consumption.
- (3) The product will automatically stop charging.
- (4) The product provides 7-8 hours to fully charge.

Notes

- (1) The battery life is slightly different due to the ambient temperature effects and the volume level, which is normal phenomenon.
- (2) Clean the characteristics of the rechargeable battery, if the machine is connected to a negative, please charge it at least once a month to protect the battery and extend the battery life.
