Product Specification Input Voltage: DC 5V/ DC 9V/ DC 12V

**Wireless Output : Apple (7.5W) 、 Samsung (10W) 、 HUAWEI (10W) 、
MI (10W)**

Frequency Range: 112kHz~205kHz

FCC Warning

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

ISED Canada Statement:

IC warning:

This device contains licence-exempt transmitter(s)/receiver(s)/ that comply with Innovation Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- 1) this device may not cause interference and
- 2) this device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment; To maintain compliance with IC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 10cm between the radiator and your body. This device and its antenna(s)

must not be co-located or operation in conjunction with any other antenna or transmitter.

Déclaration de l'ISED Canada :

Cet appareil contient des émetteur(s) / récepteur(s) sans licence / conformes à l'innovation RSS exemptes de licence de Sciences et Développement économique

Canada. L'opération est sous réserve des deux conditions suivantes :

- 1) cet appareil ne peut pas causer d'interférences et
- 2) cet dispositif doit accepter toute interférence, y compris peut provoquer le fonctionnement indésirable de l'appareil.

Exposition aux rayonnements : Cet équipement est conforme aux radiations du Canada limites d'exposition pour un environnement incontrôlé noncé d'exposition RF Pour maintenir le respect des guides d'exposition RF d'IC, l'équipement doit être installé et actionné avec une distance minimale de 10cm du radiateur

de votre corps. Cet appareil et ses antennes ne doivent pas être co-localisé ou en operation en conjunction avec toute autre antenne ou émetteur.

This product may cause interference to radio equipment and should not be installed near maritime safety communications equipment or other critical navigation or communication equipment operating between 0.45-30 MHz.

1. After plugging in the adapter, if all functions do not work, you need to replace the adapter
2. After plugging in the adapter, if the lights and USB ports work, the wireless charging does not work, you need to replace the circuit board
3. After plugging in the adapter, if the lights and wireless charging are working, the USB ports do not work, you need to replace the USB parts
