

20-Button RF Controller

20-Button RF controller is 3 frequency three gear power, frequency and power press the following keys to select. The corresponding indicator light will light up after selection.

The relationship between the frequency key and the transmitted signal

Frequency key "1" - transmits 2430MHZ carrier only

Frequency key "2" - transmits 2445MHZ carrier only

Frequency key "3" - transmits 2455MHZ carrier only

Frequency key "4" - Transmit 2430MHZ with load

Frequency key "5" - Transmit 2445MHZ with load

Frequency key "6" - Transmit 2455MHZ with load

Frequency key "7" --2430MHZ-2445MHZ-2455MHZ triple-frequency cyclic

change frequent on-load signal power key and the relationship
between the transmitted signal

Power key "1" - Low power

Power key "2" - Medium power

Power key "3" -- High power (default)

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
