

Checkit Connected Automated Monitoring+ System (CAM+)

Antenna Information:

This antenna is used on the Checkit CAM+ system for the MiWi RF transmitters, operates at 866MHz UK and 915MHz US.

Manufacturer: **RF Solutions**

Manufacturer Part No: **FLEXI-M4-868**

Description: 1/4 Wave FLEXI Whip antenna, 868MHZ, M4 Screw Connector, Input Impedance 50 Ohms, gain up to 2dBi. See datasheet for more details.

Datasheet: <https://www.rfsolutions.co.uk/downloads/6273d91e172e3482FLEXI-M4-868-2.pdf>

Manufacturer: <https://www.rfsolutions.co.uk/antennas-c8/1-4-wave-flexi-antenna-868mhz-m4-screw-connector-p148>

Note: Our devices are professionally installed by our trained engineer only, this antenna is not a user replaceable part.
