

<p>Solder Board-Component View 14</p>	 A photograph of a green printed circuit board (PCB) component with various electronic components and solder joints. The board is rectangular and features a central integrated circuit (IC) with several pins. There are also smaller components, including resistors and capacitors, and various solder connections. The board is placed on a blue textured surface. A metal ruler is positioned vertically on the left side and horizontally at the bottom, providing a scale in centimeters and millimeters. The vertical ruler shows markings from 1 to 13 cm, and the horizontal ruler shows markings from 1 to 15 cm.
<p>Solder Board-Component View 15</p>	 A photograph of a rectangular, dark-colored component, likely a solder mask or a component, with several pins extending from one side. The component is placed on a blue textured surface. A metal ruler is positioned vertically on the left side and horizontally at the bottom, providing a scale in centimeters and millimeters. The vertical ruler shows markings from 1 to 10 cm, and the horizontal ruler shows markings from 1 to 10 cm.
