

Home Kit

Handy hints and tips

Turn your smartphone into your key. The intuitive Yale Home app lets you manage the access of your home remotely.*

*When used in conjunction with a Yale Connect Plus Hub 2

DOWNLOAD YALE HOME APP

- The app requires a minimum operating system of **iOS 11 Plus** for iPhone, and **8 Plus** for Android based phones. **Bluetooth 4.0**.
- Reconfirm minimum system requirements. Remore note regarding Bluetooth

Yale Home

Download on the App Store

iOS SYSTEM : Once you have the app you can press and hold on the app to share the app to other iphone users.

GET IT ON Google Play

ANDROID SYSTEM : For an Android based phone you will need to search for the app in the Google app store, you can save a link to this store in your favourites.

INSTALL CONNECT PLUS HUB 2

- Install the Connect Plus Hub 2 Install Connet Plus Hub 2 for remote WiFi access.". Please note that before you set it up, make sure your phone is **connected to the WiFi using 2.4GHZ***.

Note: Only 2.4GHZ will work with Yale Home

Model:

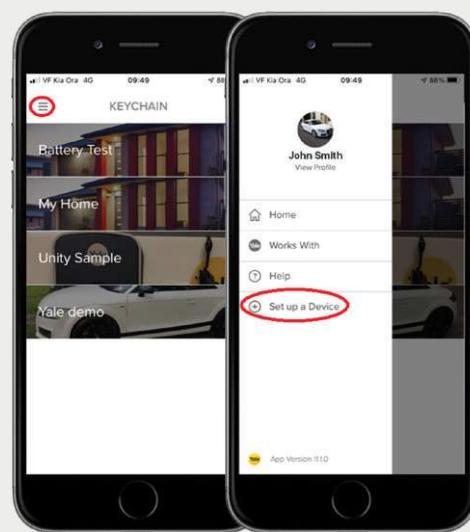

YAR/SWAA/HUB
YAR/BDG/BLE
YAR/BDG/ZGB
YAR/BDG/OMN

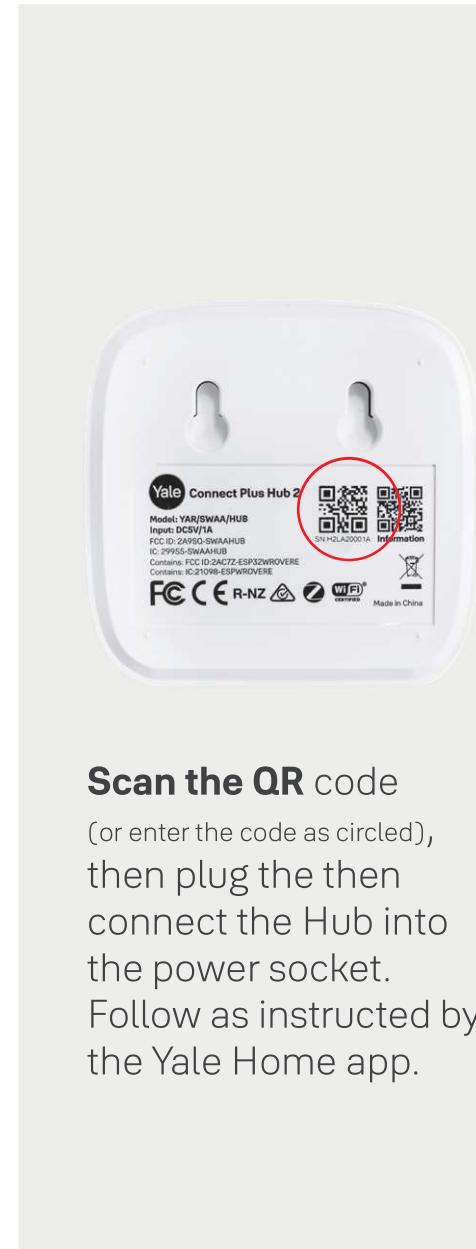

Alternatively

The app will prompt you to set up a 'Wi-Fi bridge' once you have registered the module.

Open the app and go to the tab at the top left of the home page, once in here press on **"SET UP A DEVICE"**

Scan the QR code
(or enter the code as circled), then plug the then connect the Hub into the power socket. Follow as instructed by the Yale Home app.

IMPORTANT!

- You won't be able to make the connection if you are using **5GHZ**, but you can change back to 5Ghz once the bridge has been connected.
- The **"signal appears to be weak"** doesn't affect the bridge's performance, continue past this point until the set up is finished.

SET UP YALE HOME MODULE

Model: YAR/SWAA/ZMD

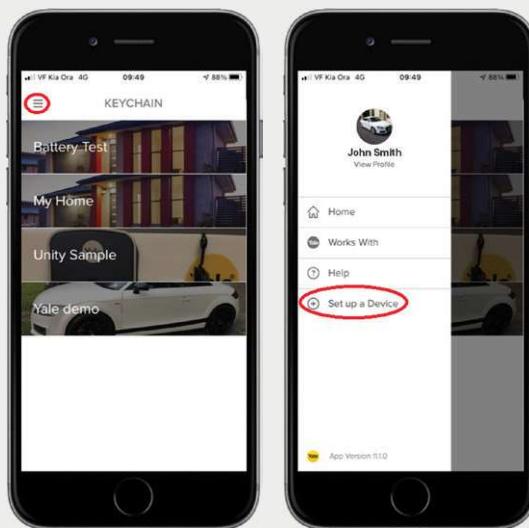

Your Yale Home app should look like this once you have logged into your account for the first time. Set up new device

IMPORTANT!

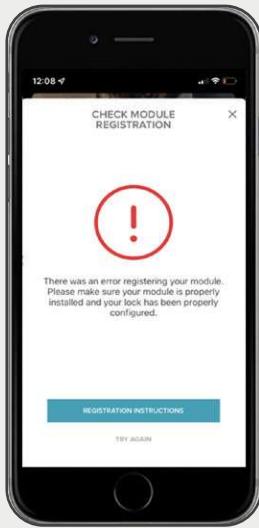

- The serial number always uses **zero's** not the letter "O" (See pic 'M13S0C1UR')
*If you don't remove a battery before inserting the module, only the numbers 1 to 6 will show

SET UP YALE AERON MODULE

Open the app and go to the tab at the top left of the home page, once in here press on
“SET UP A DEVICE”

TROUBLE SHOOTING

IMPORTANT!

If your module does not register successfully and you end up with the following error message:

SOLUTION!

Restart the pairing process again

Yale is trusted by millions of people every day to keep what's important to them safe.

Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world.

We were there for your grandparents (and probably theirs) and we'll be there for your children.

ASSA ABLOY is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience.

Trusted every day
