

DearBuds Manual

When using the DearBuds app:

1. Hold down the DearBuds button at the top for 2-3 sec. to turn the power ON.
2. Open the DearBuds app.
3. Pair your product with your mobile device using the app. (On first use only)
4. Once the ready signal is turned on (app or product LED), place DearBuds in your ear.
5. Check your ear's humidity and temperature, then press the mode button from the DearBuds App.

When not using DearBuds app:

1. Hold down the DearBuds button at the top for 2-3 sec. to turn the power ON.
2. Once the LED has turned on, place DearBuds in your ear.
3. Press the button once for Smart Mode.
4. Each additional button press will change the mode from Soft → Normal → Fast → Stop.
5. Once your ear is dehumidified, the device will turn off automatically.
6. Push down for 3 sec. to power off.

DearBuds SE Spec.

- Weight
 - Earbuds : 0.34oz/9.6g
 - Case : 0.42oz/11.9g
- Size
 - Earbuds
 - W: 0.82in/20.71mm
 - L : 1.4in/35.67mm
 - H : 1.33in/33.87mm
 - Case
 - W : 22.91mm
 - L : 37.88mm
 - H :30.67mm
- Light
 - Dominant wavelength 631nm red LED
 - Luminous Intensity 18-54 mcd
- Heat
 - Up to 100.4°F (38°C)
- Air Delivery
 - Up to 3L/min
- Connectivity
 - Bluetooth Low Energy wireless 2.4GHz
- Sensors
 - High performance humidity sensor
- Battery
 - Up to 24 times (soft)
 - Full charging for 2 hours
- Silicone Ear-tips
 - Food grade silicone
- Power
 - Li-ion Battery Charger : 3.0 ~ 4.2V
 - Operating Voltage : 3V DC

FCC Instructions

FCC ID : 2A9UW-DBSE-22

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
