

Dimidou pet water dispenser

MY01

• Instructions •
Please read this manual carefully before use

APP operation

The device can be configured only in the 2.4G Wi-Fi band.

1. Download Smart Life

Scan the QR code on the right, click the menu in the upper right corner, and in the browser, open the page to download, register and log in. (For Android/Apple users) Android users can also search and download "Smart Life" in the mobile phone mall, and register and log in.

2. Connect the drying box

Plug in the drying box, turn on Bluetooth on the mobile phone, click on the upper right corner and select Add Equipment.

In the scanned equipment list, find "Dimidou-water dispenser" and click "Connect". According to the interface prompt, enter the password of wireless network to enter the drying box operation interface.

*The device can only be connected in the 2.4G Wi-Fi band. Please ensure that the router is connected in the 2.4G Wi-Fi band; otherwise, the device cannot be connected. After the network is configured, daily use is not affected by the Wi-Fi frequency band.

Guide after sale

Dear users, thank you for using DMDPET Dimidou products. Please read the following terms carefully before using this product:

1. Warranty regulations:

This product is guaranteed for one year (subject to valid reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, the user is guaranteed that the interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

(1) Reorient or relocate the receiving antenna.

(2) Increase separation between the equipment and receiver.

(3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

(4) Use gifts and accessories that are not standard for our products, causing damage.

(5) The model contained in the invoice is inconsistent with the model of the repaired product or has been altered.

(6) The warranty period is exceeded.

(7) Products for non-household use (such as business, commercial and corporate collective).

(8) There is no valid invoice.

Damage caused by force majeure.

Do not belong to the scope of warranty products, will provide fee-based maintenance services, our customer service center is still enthusiastic for you.
