## FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

### RF Exposure Statement

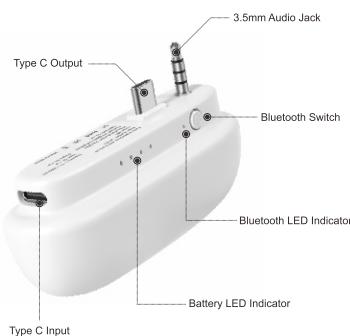

To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated at a minimum distance of 20cm from the radiator of your body. This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.

## Safety Notes

- Please keep the product away from fire, and water.
- Do not expose the product to excessive temperature.
- Please often use it to maintain working normally.

## Product Overview

Status	LED Indicator
Charging	Flash Blue Light
Fully Charged	Stay Solid Blue Light

## Lenink

## User Manual

Lenink Power Bank with Bluetooth  
Compatible with Oculus Quest 2

## Specifications

Model	Lm7233
Input port	3.5mm audio
Battery rated capacity	3300mAh 3.7V
Limited charging voltage	5V
Battery type	Li-Po
SNR	>90
THD	0.1%
Codec	SBC
Transmission distance	10M
Frequency	2402MHz-2480MHz
Max RF Output Power	-5.37 dBm (0.00029W)

## Compatible with

VR Headset:

Meta Quest 2

Wireless Earphone:

AirPods 1

AirPods 2

AirPods pro

## Package Contents

1\* Power Bank

1\*Type C Charging Cable

1\*User manual
