

To whom it may concern,

This letter is a cover page explaining the submitted reports for filing. The E0150-MOD module is being filed under 15.247 and 15.407 of the CFR title 47. The module has modes:

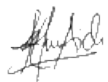

1. Bluetooth V2.1 (FHSS)
2. Bluetooth LE (DTS)
3. 2.4 GHz WLAN (DTS)
4. 5 GHz WLAN (DTS and UNII)

The reports have been separated accordingly:

1. TR 313179 A C-1818 TX DTS: This test report contains data for Bluetooth LE, 2.4 GHz WLAN and 5.8 GHz WLAN. This test report is submitted for filing under 15.247 DTS.
2. TR 313179 B C-1818 TX FHSS: This test report contains data for Bluetooth V2.1. This test report is submitted for filing under 15.247 FHSS.
3. TR 313179 C C-1818 TX UNII: This test report contains data for WLAN operating in the UNII band. This test report is submitted for filing under 15.407 UNII.
4. TR 313179 F C-1818 DFS UNII: This test report contains data for client only device to show compliance to 'Channel move time' and 'non-occupancy period' requirements of 15.407 h (2) (iii), (iv).

Thank you and have a good day.

Sincerely,

Khairul Aidi Zainal
Senior EMC Engineer,
LS Research, LLC.
