Tall Boy Bluetooth Audio Amplifier

1. Model : 76001074
2. Specification
 - Power : DC 12V
 - Bluetooth(BDR/EDR/BLE)_2 402 MHz ~ 2 480 MHz
 - Bluetooth(BDR/EDR)_79 ch / Bluetooth(BLE)_40 ch
 - Bluetooth(BDR/EDR)_GFSK, π/4DQPSK, 8DPSK, Bluetooth(BLE)_GFSK

Installation Requirements:

Download Harley-Davidson mobile app.

 Many Harley-Davidson® Parts & Accessories are made of plastics and metals which can be recycled.
Please dispose of materials responsibly.

COMPLIANCE INFORMATION

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

⑥ This product complies with California Energy Commission efficiency standards for consumer battery chargers.

EUROPE

 Harley-Davidson hereby declares that this device is in compliance with Radio Equipment Directive 2014 / 53 / EU. The full text of the EU DoC is available at the following: harley-davidson.com

CANADA

Industry Canada Statement

This device complies with RSS-247 of the Industry Canada Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Ce dispositif est conforme à la norme CNR-247 d'Industrie Canada applicable aux appareils radio exempts de licence. Son fonctionnement est sujet aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage préjudiciable, et (2) ce dispositif doit accepter tout brouillage reçu, y compris un brouillage susceptible de provoquer un fonctionnement indésirable.

Industry Canada Radiation Exposure Statement

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator & your body.

Déclaration d'exposition aux radiations

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

CAUTION & INFORMATION

MEXICO

IFETEL #: XXXXXXXXX

La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

Make no modifications to the product or accessories. Unauthorized alterations may compromise safety, regulatory compliance, and system performance, and will void the warranty. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Operating Frequency Band: 2402 MHz to 2480 MHz
BDR/EDR maximum tune up: 9dBm
BLE maximum tune up: 2dBm

Changing Components or Adding Accessories

There are many components and accessories available to enhance the comfort, performance and appearance of your motorcycle. However, if you change components or add accessories, you do so at your own risk. The motorcycle's manufacturer may not have tested that component or accessory for compatibility, reliability or safety on your motorcycle. Before installing any component or accessory, including but not limited to a different size tire, a lighting system, a luggage rack, a child seat, a trailer, etc., make sure that it is compatible with your motorcycle by checking with your dealer.

Check with your dealer before changing the components on your bike.

Changing the components on your bike with other than genuine replacement parts may void warranty.

GENERAL WARNING:

Like any sport, bicycling involves risk of injury and damage. By choosing to ride a motorcycle, you assume the responsibility for that risk, so you need to know — and to practice — the rules of safe and responsible riding and of proper use and maintenance. Proper use and maintenance of your motorcycle reduces risk of injury.

This Manual contains many "Warnings" and "Cautions" concerning the consequences of failure to maintain or inspect your motorcycle and of failure to follow safe cycling practices.

Rider and passenger safety depend upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury.(00333b)

A service manual for this year/model motorcycle is required for this installation.
One is available from a Harley-Davidson dealer.

Correct Disposal of this product. This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased.

Service

If you want to learn to do major service and repair work on your bike:

1. Ask your dealer for copies of the manufacturer's installation and service instructions for the components on your bike, or contact the component manufacturer.
2. Ask your dealer to recommend a book on motorcycle repair.
3. Ask your dealer about the availability of motorcycle repair courses in your area.

We recommend that you ask your dealer to check the quality of your work the first time you work on something and before you ride the bike, just to make sure that you did everything correctly. Since that will require the time of a mechanic, there may be a modest charge for this service.

We also recommend that you ask your dealer for guidance on what spare parts, such as tires, inner tubes, light bulbs, batteries, Patch Kit, lubricants etc. it would be appropriate for you to have once you have learned how to replace such parts when they require replacement.
