To Whom it may concern:

This letter is a request for a Class 2 Permissive Change from 2AA9D-447 to 2AA9D-494. 2AA9D-447 granted on 07/05/2018.

Also, this letter is requesting a request a Class 2 Permissive Change from 11503A-447 to 11503A-494.

We changed the following from the original Model 447:

Change from fixed focus to auto focus camera  
Change from haptic motors to stereo speakers  
Change to main PCB for the changes above components

We completed EMC, RF wireless and SAR testing even though these should not have been impacted by the changes for the new Model 494 and the product continues to meet the minimum requirements of FCC rules.

Thank you,
