Application Examiner

Re: Request for confidentiality

Applicant: *GE Analytical Instruments, Inc.*

FCC ID: 2AA9O-SIEVERSM9

To whom it may concern,

***Permanent Confidentiality***

Request is hereby submitted by *GE Analytical Instruments, Inc.* to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- **Schematics**
- **Detailed Block diagrams**
- **Detailed Operational/Functional Description**

Rationale for request for confidentiality:

*GE Analytical Instruments, Inc.* has invested considerable time and materials in research and development to produce the referenced product. [*Permanent confidentiality*: Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.][*Short term confidentiality*: Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.]

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to be 'M. J. Smith'.

Quality Engineer  
*GE Analytical Instruments, Inc.*
