

A close-up photograph of a black, cylindrical bicycle component, likely a pedal or crank arm, held by a person's fingers. The component has a wide, flared top edge. The word "Tacx" is printed in a bold, white, sans-serif font on the side of the component. Below the main body, there are two small, black, hook-like protrusions. The background is a plain, light-colored surface.

Tacx
