CAN ICES-3 (B)NMB-3(B)  
SN: 002524513111AK1

GRAPHICS SCALE 1:1

### STICKER LOCATION

This is the back of the TRANSIT (with the Kickstand removed for clarity) to show the position of the TRANSIT identification sticker. The Kickstand will be in place when the sticker is applied. Note that the label should only be applied to the plastic part, flush with the edge of the mating metal of the center band. The label should NOT cover any of the metal center band.
