Ref: FCC Class III Permissive change for FCC ID: 2AAEH-101, 2AAEH-102  
(Original Grant dates: 2AAEH-101: 11/27/2013; 2AAEH-102: 11/15/2013)  
Applicant: CBF Networks, Inc dba Fastback Networks

Dear Examiner,

This is to request a Class III permissive change for FCC ID: 2AAEH-101 originally granted on 11/27/2013 and 2AAEH-102 originally granted on 11/15/2013.

The major change filed under this application is:

Change #1 Increasing modulation bandwidth using only software modifications. No hardware modifications were made.

The software versions affected by this Class III Permissive change start with version 1.5. All versions prior including 1.0, 1.1 and 1.2 are approved under the original grant. For clarity, versions 1.3 and 1.4 do not run on this hardware platform.

No changes were made to the Software Distribution and Security mechanisms. As such the documentation with the original grant still applies.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

David Koberstein  
Vice President
